

THE COMPLETE FAÇADE SOLUTION
STRUCTURAL GLAZING ADHESIVES

BUILDING TRUST

TRUSTED DURABLE ADHESIVES FOR GLASS FAÇADES

Only silicones approved to EOTA ETAG 002 can be used for structural glazing (SG) facades. Sikasil® SG adhesives have been specifically developed to meet requirements of structural glazing and feature special advantages.

Features and Benefits

- Meets all relevant industry standards such as ASTM, EOTA ETAG, CSTB and GB
- High mechanical performance such as for tensile strength or elastic recovery
- Exceptional application properties
- Independently tested
- Fire rated class B1 (DIN 4102-1)
- Outstanding UV and weathering resistance

Sikasil® SG-500

A 2-component, high performance, neutral-curing structural glazing adhesive that is ideal for larger projects and factory applications. CE-marked.

Sikasil® SG-20

A 1-component, easy to use, high strength, neutral-curing structural glazing adhesive perfect for smaller projects and onsite applications.

What can Sika UK offer?

- Local supply
